

EVANGELISM STRATEGY:

Door to door, personal contact, distribute tract, pray and care for the sick people lead to build friendship. These are the biggest challenged in winning them to Christ and bringing them to take Baptism even in the midst of threatening.

CRUSADE EFFORT:

Conducting Gospel Crusade in different places could reach to thousands of people.

THE HIMALAYAN MISSION

MOTTO: REACH TO HIDDEN PRECIOUS SOUL.

VISION: PLAN CHURCHES IN HIMALAYAN RANGE AND BEYOND

GENESIS: The Himalayan Mission had conceived the vision on 12-02-2002, and kick start in December 2003 by Dr. Pastor D.K. Angami. After 15 year of surveying, he have learned that 90% missionaries came in mission field with burden, worked hard, did tremendous job for the lost souls, and return back home. Resulting in the absence of the missionary, the believers were left vacuum and scattered. Subsequently, the Himalayan Mission had come with a vision to set a goal to raise financial resources to support 100 Church planters by purchasing 100 pieces of land and build 100 of churches till Christ return.

RELIGION IN INDIA, NEPAL AND BHUTAN: India is the second largest country in the world in terms of population and the second largest unreached nation in the 10/40 window. It is 82% Hindu, beside birth place of Hinduism, Buddhist, Jainism and Sikhism. Nepal is known as the only Hindu kingdom in the world. Bhutan a Buddhist country, yet, Himalayan mission can freely penetrate to these three countries with the Gospel of Jesus Christ without VISA restriction.

SLUM GRASS ROOTS IMPACT MINISTRY:

We examined and finally holistic approach is the best way to reach this slum community. As such, we are providing free medical camp, basic hygiene, tutoring classes and learning material for children by appointing its full time dedicated staff. Thus, Weekly Sunday school and church services is under progress. Zech 4:6." Not by might, nor by power but by my spirit says the Lord".

BEST WAY IN REACHING TO INVINCIBLE SOCIETY:

Our survey cleared that English Medium School will be the best way to reach the society. The society highly regards Christian education even in the midst of their opposition toward Christianity. The Education system has no restriction in replacing Bible in place of moral science subject. The gospel can penetrate to thousands of students and students to the families. Will it not be exciting?

LEADERSHIP TRAINING:

According to the survey, one of the biggest setback and unproductive Christian growth in North India, Nepal and Bhutan is due to 90% of evangelist and pastors are not theologically trained. Therefore, the HM is providing Bible classes and Leadership training in different places.
