

## **NEWS LETTER (VOL – 10).**

### **THE HEART OF GOD BEYOND THE BOUNDARY (JOHN 10:16).**

**The heart of God:** The whole Bible is about the whole salvation plan of God to humanity from Geneses to Revelation. His heart is still pouring out to the dying soul of all nations irrespective to their tribes, creed and castes. The very purpose of God sending forth His only begotten son Jesus Christ is for the whole people in this universe to be safe through Him, because He know them by name and died for one and all, Jn 3:16. The very purpose of God to sent His Son to the world, the same manner, the Son too commission His church to the world today Mk 16:15. But today many church believers are spiritually drunk among themselves without seeing the ripe field for harvest due to which the Lord heart is cries out for the screaming souls. Therefore, Jesus is awakening us today and said get up and look at the fields that are ready for the harvesting Jn 4:35. The important and confirmation of Jesus heart for the unreached gospel world is to bring everyone under His sheepfold Jn 10:16.

**The most wanted mission field in the 21<sup>st</sup> century:** In this universe we have 6.7 Billion populations according to the world population statistic and out of that India and China have one third of world population and rest of the world have only two third of world population. Out of one third world population China has one child policy, which India doest have. Therefore, according to the research/survey in 2020 India population could be cross over China. India is considered as a world Hindu, Buddhist, Sikh and Jainism religion kingdom where Christianity is 3-4 % only out of 1.4 Billion populations. At the same time every year one hundred thousand Indian migrated to other countries around the world for green pasture (better packet) besides spreading their religion. Also India is considers as a second largest unreached gospel nation in the 10/40 window. The latest missiology research find the important of binding the strongmen, which is the most challenging mission field for Christian around the world to focus today is India (How to begin? see bushier)Mt 28:18-20.

**The latest progress of ministries news:** By the grace of God and through your partnership in the gospel business, this year we could give baptism to 24 people in three different occasions and some more are ready for another baptism. In the beginning of this year we started our first MM course where 54 Pastors, Missionaries, Evangelist and Lay leaders enrol the first batch of 5 days class session. We also gave leadership training to about 70 leaders in two cities out of many more requests from difference state. From last two year we have been praying for church plot at Badauli ministry and we praise God for answering to our prayer and provide us such a big and beautiful LAND through the contribution (Rs 10 Lakhs U\$ 22 thousand) of PBCC, Sakhrie and Rio family from my home town in Nagaland. We are praying to use the very land for Bible school, Education School and Orphanage home beside church.
